

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA4079NM

This certificate, issued to Air Care Systems

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product — Type Certificate Number: 2A10

Make: Piper

Model: PA-25-235 and PA-25-260

Description of Type Design Change:

Installation of modified exhaust system and induction air heat system in accordance with FAA approved Air Care Systems Drawing List, dated June 3, 1990, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 31, 1990

Date reissued: December 28, 1990,

Date of issuance: June 12, 1990

Date amended: January 3, 1992

By direction of the Administrator
